With the recent announcement that OSHA will be issuing an Emergency Temporary Standard (ETS) which will require employees to either be fully vaccinated or show a negative COVID-19 test every week, more clients are asking us to submit a list of ESCO employees who have been fully vaccinated.

Consequently, we are asking you to please provide your vaccination status and a copy of your vaccination card (if applicable) to ESCO Human Resources or the ESCO Safety Department.

Some clients are requiring this information. If it is required, you will receive a form specific to that client.

For purposes of this certification, you are considered “fully vaccinated” two weeks after completing the second dose of a two-dose COVID-19 vaccine (e.g., Pfizer or Moderna) or two weeks after receiving a single dose of a one-dose vaccine (e.g., Johnson & Johnson/Janssen).

Please check the appropriate boxes below:

<input type="checkbox"/>	I am fully vaccinated.
<input type="checkbox"/>	I received my second dose of the Pfizer or Moderna vaccine or my single dose of a Johnson & Johnson vaccine less than two weeks ago.
<input type="checkbox"/>	I received my first dose of Moderna or Pfizer, and my second appointment is scheduled.
<input type="checkbox"/>	I have not yet been vaccinated, but I have already scheduled an appointment to receive my first dose of vaccine.
<input type="checkbox"/>	I have not been vaccinated.

I understand that I am required to provide accurate information in response to the question above. I hereby affirm that I have accurately and truthfully answered the question above. I also understand that if I stated that I am fully vaccinated, I need to provide documentation of my vaccination status (e.g., a copy of my vaccine card or other similar official document confirming vaccination status) to the ESCO Human Resources or ESCO Safety Department.
