SOLUTION Driven

Your **TRUE** Partner
in Business

Turning SOLUTIONS into Reality

ESCO Group is a versatile company that provides electrical construction, electrical engineering, plant automation, arc flash incident energy analysis, and electrical safety training services to a wide variety of commercial and industrial clients, primarily within the food & beverage, manufacturing, agriculture, and municipal markets. By empowering people, providing exceptional services, and delivering on promises, ESCO is known for responsible and reliable support and excellent, custom-made solutions.

Our versatility comes from our business units: ESCO Automation and ESCO Electric. With our diverse group of resources, we are able to offer more services to our clients, giving them a competitive advantage.

When you work with ESCO, you are working with a company that forms strong relationships with our clients which gives us in-depth knowledge of your systems, what your needs are, and how your process operates. It's a partnership approach, meaning we partner with our clients and become an integral part of their team.
