

ELECTRICAL SERVICES

The Leading Authority in Electrical Construction

RESPONSIVE & RELIABLE

TRIED & TRUE

Established in 1964 by Wayne Engle as E&S Electric, the company began as a small residential electrical contractor operating from the Engle family home. Wayne later bought out his partner, Larry Swan, and shifted focus toward larger industrial and commercial markets. In 1986, the company reorganized under the leadership of Wayne's sons, Dave and Dan Engle, further strengthening its commitment to quality and innovation.

As the company grew, it expanded beyond electrical construction, leading to the formation of ESCO Group, which now includes ESCO Electric, ESCO Automation, and ESCO Power & Safety. Today, ESCO Electric continues to build on its legacy, providing industry-leading electrical solutions while remaining committed to safety, quality, and customer success.

ELECTRICAL SERVICES

Installation & Maintenance

Complete electrical installations, repairs, troubleshooting (24V-69KV), long term maintenance support, and electric vehicle charging.

Safety & Security Systems

Fire alarm installation, inspection, and maintenance; security camera installation and support, fiber optics, and WLAN.

AN UMBRELLA OF RESOURCES

As part of Scintilla Holding Company, The ESCO Group companies bring together a powerhouse of expertise under one Umbrella. ESCO Electric, ESCO Automation, and ESCO Power & Safety—work seamlessly to provide comprehensive solutions across industries.

With Scintilla as our foundation, we are built for growth, innovation, and sustainability in an ever-evolving industry.

More Than Just a Contractor

ESCO Electric is a trusted leader in electrical construction, backed by over 200 skilled union electricians. We go beyond installations, providing innovative solutions tailored to our clients' needs. Our commitment to safety, quality, and efficiency ensures every project meets the highest standards. With a strong focus on collaboration and long-term partnerships, we help businesses succeed.

EXPERTLY TRAINED ELECTRICIANS, INDUSTRY- LEADING STANDARDS

Our partnership with the local unions ensures our electricians receive continuous training, staying ahead of industry advancements and safety protocols. As a NECA-certified contractor, we uphold the highest standards in electrical construction, ensuring excellence in every project. With rigorous education and hands-on experience, our electricians bring unmatched skill and reliability to every job.

OUR COMMITMENT TO SAFETY

At ESCO Electric, safety is more than a priority—it's a core value embedded in everything we do. We uphold the highest industry standards to protect our employees, clients, and job sites. Through rigorous training, proactive risk management, and adherence to NFPA 70E and OSHA regulations, we ensure a safe and efficient work environment. Our commitment to safety not only minimizes risks but also enhances productivity and project success.

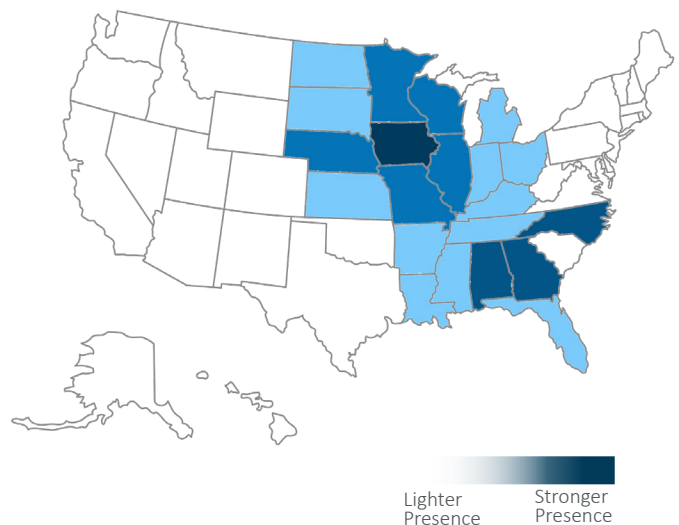

EXPERIENCED. TRUSTED. PROVEN.

Many on our team have been with ESCO for decades, building a foundation of deep, company-specific expertise. In fact, our ten top-level managers alone bring over 200 years of combined experience — all gained right here at ESCO. That depth of in-house knowledge and long-term commitment makes us a trusted leader in electrical work. When you partner with ESCO, you're getting decades of proven skill on your job site. That kind of experience makes a difference — and it shows in every project we deliver. It means fewer surprises, smarter solutions, and a team that knows how to get the job done right. Our people aren't just electricians — they're experts who've developed a deep understanding of the trade through long-term dedication to our team.

WHERE YOU NEED US

We believe the best work happens through true partnership. Whether you're expanding, upgrading, or maintaining facilities in other locations, our team is ready and equipped to travel to support your needs. We are committed to consistency and reliability, no matter where your sites are located. With ESCO Electric you gain a true partner that's flexible and dedicated to helping your operations run smoothly.
